<p>First frame. Introducing ourselves as team XVI and the project name Social Care Chat</p>	<p>Quick introduction into Coronavirus as a problem</p>
<p>03</p> <h3>Socially distant</h3> <p>Socialising is what sets us apart from other species. COVID has changed this</p> <hr/> <h3>Isolated from family</h3> <p>Having to distance ourselves from elderly relatives in order to protect their health</p> <hr/> <h3>Digital age socialising</h3> <p>We are all forced to socialise digitally. This is a challenge as older people aren't as tech literate</p>	<h2>SOCIAL CARE CHAT</h2>  <p>04</p>
<p>Introducing the main problems that we aim to fix. How we interact socially with friends and family, elderly might feel lost, or aren't knowledgeable</p>	<p>Introducing social care chat and how it fixes these problems</p>
 <h3>Ease of use</h3> <p>Specifically designed for the elderly user</p> <hr/> <h3>Making use of the already connected</h3> <p>Focuses on the young to introduce it to the elder</p> <hr/> <h3>Elder friendly</h3> <p>Settings, password management can be controlled by the more tech savvy</p>	<p>06</p> <h2>The application</h2> <p>Introducing XVI's app.</p> 
<p>How we are fixing the problems we mentioned in the previous page</p>	<p>Main introduction that we are making an app to fix these problems</p>

	
<p>Application Demo</p>	<p>Our competitors. Why us? Why should you use this instead of something else that's already well established</p>
 <div> <p><b>CATERING TO ONE MARKET</b> Specifically catered to the elderly for socialisation. No news, no bullshit</p> <p><b>PRIVACY</b> No profile, don't need to add friends, share where you work or live</p> <p><b>AUSTRALIA BASED</b> Local helping local</p> <p><b>BUILT FOR OLD</b> Big buttons, no complex menus for the elder side of the app</p> </div>	
<p>Explanation of what we have put into the app to make it better for old people</p>
